

I have compiled the following list of Lambda bearings which I hope is correct. Some of the bearings are not available now. If you have difficulty in obtaining any of these bearings please let the Consortium know as we can either arrange for new bearings to be made or we can facilitate the rebuilding of existing bearings.

### Lambda Bearing Chart

	Lancia No.	SKF No.	RIV No.	Type	No.
<b>ENGINE</b>					
Cam vertical drive	102406	6305		Ball	2 off
Cam vertical drive	102408	7305	1176	Thrust	2 off
Cam follower	10307/9/13	Made by the Consortium		Roller	8 off
Dynamo drive	102415	98206	5A	Ball	2 off
Fan spindle	102413	6301	2B	Ball	
Fan spindle	102414	6302	3B	Ball	
Dynamo	101860				
Clutch roller	102419	Made by the Consortium	1AE	Ball	2 off
Clutch spigot	102492		4BS	Ball/Thrust	
<b>GEARBOX</b>					
Primary shaft	102420	98307	6BE	Ball	
Primary shaft	102431	N307	1163	Roller	
Primary/Output shaft	102433	N303	4BPV	Roller	
Primary/Output shaft	10839			Thrust	
Output shaft	102403	6307	8B	Ball	
Layshaft	102432	N305	1165	Roller	2 off
Speedo drive	102412	EN8		Magneto	2 off
<b>PROP SHAFT</b>					
Cardan coupling	102417	98202		Ball	4 off
Cardan bracket	102418	6306	7B	Ball	
<b>BACK AXLE</b>					
Pinion	102431	N307		Roller	2 off
Pinion	102461			Thrust	
Crown wheel	102401	6211		Ball	
Crown wheel	102491			Ball/Thrust	
Half shaft	102402	6308	3B	Ball	2 off
<b>FRONT AXLE</b>					
Front spring bearing	102462			Thrust	2 off
Inner hub race	102404	6207	4A	Ball	2 off
Outer hub race	102405	6205	2A	Ball	2 off
Hub thrust race	102463			Thrust	2 off
<b>BRAKES</b>					
Brake cam shaft	102409	equivalent STEYR 98203	1173	Ball	8 off
Brake cross shafts	102410			Ball	7 off
Front brake cross shaft	102411	6200		Ball	
Front brake pulley box	102411	6200		Ball	2 off
<b>STEERING BOX</b>					
Inner gear bearing	112450	1203		Self alligning	
Outer gear bearing	112451	1206		Self alligning	
Front worm bearing	112493			Ball/Thrust	
Rear worm bearing	112494			Ball/Thrust	
Steering column support	112410			Ball
