

Booking Fulvia 50 Weekend

May 24 - 27

The iconic Fessia-designed Fulvia hits 50 this year and the Lancia Motor Club has organised a signature event to celebrate this fantastic little car. We also celebrate Theta 100!

Our three day event will be centred at the prestigious Norton Park Hotel near Winchester with a full programme held over the late May Bank Holiday weekend from Friday afternoon through to Monday morning.

Norton Park with its 16th-century Tudor Manor House and 17th-century Hampshire Barn has 21st century amenities includes spa and leisure facilities, typically comfortable bedrooms, and catering you would expect from a Q hotel. All meals have choices including vegetarian – please see enclosed menu choice form.

There is something for everyone and the event is designed for members to be able to pick and choose to suit their pockets and diary commitments.

The event starts on Friday afternoon at the Norton Park Hotel with technical workshops for the mechanically minded, and there will also be an exhibition of Lancia Motor Club Library material relevant to Fulvia owners on display. Alternatively there will be an opportunity to drive into Winchester for some sight seeing and shopping. Or maybe just relax in the spa (booking treatments direct with the hotel and quoting Lancia Motor Club for potential upgrades) or free use of the pool. The evening is concluded with a welcome buffet sit-down dinner at the hotel.

Your club has been granted exclusive access to the outstanding and atmospheric Goodwood Racing Circuit on Bank Holiday Saturday. This will be the centrepiece of our weekend. It is well known that Lord March is a great fan of Lancias so we hope that we can give him a good showing.

There will be opportunity to book either a half day or full day of track time

for the exclusive use of the Lancia Motor Club with no more than eight cars permitted onto the track at any one time. This will give you the opportunity to enjoy the feel of speed and superb handling of your Fulvia (or any other Lancia for that matter). There will be driving instruction available for first timers. These sessions must be booked through the separate LMC Goodwood Track Day booking form. If you have booked the Goodwood track time option this will include the mid-day parade lap for your Fulvia. If you don't wish to race your car round, you also have the opportunity (at a nominal cost of £15) for a parade lap and photo opportunity with your Fulvia round this special race circuit. Let's see how many of these lovely cars we can get on the grid!

Goodwood will host a Fulvia-only concours competition in the afternoon at the race circuit paddock. This will be free to enter, so bring along your Fulvia, whether it be a Berlina Normale or a Fanalone, Sport or Coupe. Please be parked ready for judging by 2.00pm.

The Goodwood circuit will be free to visit for the whole day. Just arrive in your Lancia with a picnic and have a great day. There will be catering at the track and also Club regalia, including specific Fulvia 50 clothing and celebratory items.

Saturday evening sees a return to the Norton Park Hotel for a Gala Dinner (which can be booked separately if not staying at the hotel). Our guest speaker is the well known Fulvia, Flavia and overall Lancia enthusiast and writer Wim Oude Weernink (*La Lancia, Lancia Fulvia and Flavia – A Collectors Guide*).

Sunday will be about driving a scenic route (around 100 miles round trip) through glorious Hampshire countryside, with a rally style road book, arriving at Beaulieu Motor Museum (entrance fee included). Lunch is left to individuals, perhaps in a country pub or at the Museum. A rally plaque is provided with the road book for all advance bookings. Booking on the day will be available but at extra cost. On return to the hotel maybe a final dip in the pool before a farewell sit-down supper.

Bank Holiday Monday concludes with goodbyes after a leisurely breakfast and perhaps more sightseeing on the way home.

Fulvia

Let's make this event the biggest UK Lancia event this millennium to celebrate the most successful Lancia produced prior to Fiat ownership, and the car that won 2 RAC rallies, the Monte Carlo rally and the inaugural World Rally Championship kicking off the now legendary Lancia domination in 20th Century World Car rallying.
