## Re-manufactured Polyurethane Moulded Seat Bases

### **SYMPTOMS** | Brittle, crumbling foam?

- Q: Are you finding yellow foam crumbs under your seat?
- Q: Have your seat bases lost their support and structure?
- Q: Has your vinyl/leather seat covering lost its tautness?

### **CURE** | NEW re-manufactured seat bases

We are able to supply brand new and re-manufactured to original specification LANCIA Fulvia Coupe seat bases.

Our newly developed manufacturing mould was created from an exact casting produced from the original Pirelli-Dunlopillo LANCIA Fulvia seat base. Our polyurethane seat bases not only will fit perfectly and give the original comfort and support as LANCIA originally intended but also meet all of today's automotive safety standards.
