

The only other event in which Aprilias stand a chance is the Shelsley Walsh meeting run on Saturday & Sunday 20th & 21st July, event for cars under 1500cc for cars build before 1941. \*You should safely be able to declare your 2nd Series as a 1939 car for this event. If you do not there is little chance of competing on reasonable terms. This will be between you and me as I would very much like to see another Aprilia on the Hills! ELP is of 1937 manufacture but as there is little difference between these chassis it would be a great pity not to have your car in the class. And once you declare it to be after 1941, you are penalised for ever.\* You will really enjoy Shelsley.

May see you at the AGM.

Sincerely

A handwritten signature in dark ink, appearing to be 'Hans', written over the word 'Sincerely'.
